

DIRECTOR TAYLOR IS SUSPENDED

Mayor Takes Action Upon Receipt of Written Charges

BY CAIRNS A STRANGER

Rumor Circulated That Mayor Has Asked for Resignation of Mr. Rossel.

Public Service Director Milton M. Taylor was suspended by Mayor J. M. Ankele Wednesday morning on charges preferred by W. N. Cairns, a stranger in Newark, whom the mayor said he knew little about. Mr. Taylor did not know of his suspension until told of it by an Advocate reporter.

The charges say that Director Taylor sold a steam pump belonging to the city on or about July 23, 1908, for \$25.00, and failed to make a record of it. However, on the cash book of the Board of Public Service for July 21 appears an entry showing that the sum of \$25.00 was received from the County Commissioners, and this, Mr. Taylor says, may have been for the pump.

The charges of Mr. Cairns were made in a letter addressed to Mayor Ankele and dated Sept. 7. The letter says:

Dear Sir: I desire to bring to your attention, that Milton M. Taylor, Director of Public Service, late president of the Board of Public Works, did, on or about the 23rd day of July, 1908, sell to one David Shaler, one steam pump for a consideration of thirty-five (\$35.00) dollars. The said pump being the property of the City of Newark.

That the books of his department show no record of such transaction, and that he has failed to make such accounting as is contemplated and required by law.

Wherefore I will request you to investigate the above matter and to take such steps as will protect the public from the depredations of this official. Respectfully,

(Signed) W. N. CAIRNS.

Mayor Ankele, while saying that he does not know Mr. Cairns, suspended Mr. Taylor Wednesday morning on the report furnished by Cairns. The note of suspension was handed in at the office of Mr. Taylor by the mayor, and is as follows:

M. M. Taylor, Director of Public Service, Newark, Ohio:

Dear Sir: The enclosed charges against you have been filed with me. Until such time as they can be thoroughly investigated, you will stand suspended as "Service Director" of this city. Yours very respectfully,

JOHN M. ANKELE, Mayor.

Mr. Taylor was surprised when he heard of his suspension, but had little to say on the matter. He said a pump was sold, but that it was an old one and out of running order, and when A. E. Cawmer, at that time superintendent of the electric light plant, told him he had a buyer for the pump, the deal was made. In denial of the charge that no record was made of the transaction, Mr. Taylor said the cash book would show such a record. The cash book was in Mayor Ankele's office and was examined by an Advocate reporter. Under the date of July 21, under the heading "Miscellaneous Receipts," appears the amount of \$25 and the City Auditor's receipt book of July 27 shows where \$25 was deposited with other money by Mr. Taylor. This entry is also marked "Miscellaneous Receipts."

Mayor Ankele says the pump was purchased and shipped to a point near Cleveland. When asked when Mr. Taylor's hearing would be held he answered that he did not know.

The rumor that Safety Director Harry Rossel had been asked to resign was also investigated. Mayor Ankele denied that he had asked that official to resign or that he had suspended him. Mr. Rossel was then seen, but he declined to discuss the report. However, the rumor is that Mr. Rossel was asked to resign last Saturday night by the mayor, but Mr. Rossel absolutely refused to confirm or deny the same when questioned by the Advocate. He said he might have something to say on the matter within a few days.

Though suspended by Mayor Ankele Wednesday morning, Director of Public Service M. M. Taylor is in charge of the office Wednesday afternoon.

Mr. Taylor said that he had called the mayor's attention to the books, showing that the \$35 item referred to in the Cairns charge is accounted for, and that he was, then told by Mayor Ankele to continue in the discharge of his duties pending further investigation of the matter by the mayor.

INVESTIGATING COMMITTEE DEMANDS BALLINGER'S REMOVAL

Minneapolis, Sept. 7.—Senator Fletcher's resolution as amended by Representative Madison declaring Richard A. Ballinger unfaithful to his trust and demanding his removal from office was adopted by the Ballinger-Pinchot investigating committee here today by five affirmative votes after Sutherland and McCall had left the room. Senator Nelson raised the point of no quorum and refused to vote.

COL. ROOSEVELT ENDORSES THE LA FOLLETTE VICTORY

Milwaukee, Wis., Sept. 7.—With characteristic vigor Theodore Roosevelt today endorsed the victory of Senator La Follette in yesterday's primaries and denounced the rumored attempt of La Follette's enemies to test the legislature and reverse the primary result. The rumor says that an effort will be made to elect a Democratic legislature, renounce the primary result and elect a Democratic senator.

Roosevelt listened to an outline of this plot and said he did not believe such an attempt would be made, as it would be an outrage. He mentioned the election of Chamberlain a Democrat by the Republican legislature of Oregon after the primary endorsed Chamberlain. His remarks are taken as a complete endorsement of the La Follette brand of independence, the kind Taft has steadily fought against. Referring to Mayor Seidel's refusal to meet him, Roosevelt said his views on socialism were plainly stated in a number of Outlook articles, and he advised people to read them rather than what Seidel said about them.

His greeting here was not lacking in warmth because Seidel does not like him, however. So many people wanted to hear him talk tonight that an overflow meeting has been arranged, to which 15,000 tickets have already been issued.

There were only two bids for the work, being W. S. Gregg, of Zanesville, whose bid was \$1,178, and Wilson Yardley, of Newark, who bid \$4,371.64. Under the law the state will pay one-half the contract price, the county 25 per cent, the township 15 per cent and the abutting property owners 10 per cent.

In the matter of the road petitioned for by J. L. Watson and others, on the Wilson road, southeast of Newark, in Newark township, the petition was granted and viewers were appointed as follows: William Mason, Madison township; Edward Rutledge, Franklin township, and John Lake, Granville township.

Regarding the road petitioned for by Homer Cooper and others, in Madison township, first east of the city, the viewers are Worth Lillard, Harrison township; John Rector, Perry township, and William Gutridge, Newark City.

In the matter of the road petitioned for by E. A. Belt and others, in the Showman addition, in the Cherry Valley, the viewers appointed were Albert M. Tyler, St. Albans township; Samuel Walker, Hanover township, and Dudley A. Taylor, Union township.

NEWARK, Sept. 7.—Two hundred thousand dollars will be hung up in purses for the Belmont Aviation meet in October. This was announced today by A. A. Ryan, chairman of the arrangement committee. Entry blanks have been sent to all the famous aviators of the world and the remodeling of the old race track has begun.

This will be pushed to completion to allow plenty of time for practice before the meet.

Republican Plurality Drops 12,000 Compared to Two Years Ago

EASY FOR LA FOLLETTE

Wins Over Opponent by Vote of Five to One—Insurgent Victory General.

White River Junction, Vt., Sept. 7.—Lieutenant Governor John A. Reed of Rutland, a retired physician, was elected governor by the Republicans in the state election yesterday by a plurality of 17,000 over Lawyer Charles D. Watson of St. Albans, his Democratic opponent. The Republicans elected the remainder of the state ticket and both of their congressmen, but the Democrats made gains in the legislature.

The Republican plurality was the smallest, with two exceptions, since 1870. There was a drop of 12,000 in the party plurality in two years, when Francis P. Plimpton, received 30,278 plurality.

Chairman Harris of the Democratic state committee expressed satisfaction with the results, and the Democrats throughout the state were inclined last night to jubilate. Mr. Watson is only carried his own city, but Montpelier, the state capital, as well as a few heretofore untried of in Vermont politics. Watson also ran well in the other cities, but the little hill towns stood by Dr. Reed.

It was an election in which the Republicans saw a plurality of 20,000 two years ago sink by thousands, while the Democrats held the party vote firm. The Democrats also made gains in the legislature.

PROGRESSIVES WON.

Concord, N. H., Sept. 7.—A progressive victory, featuring New Hampshire's first statewide primaries yesterday, State Senator Robert P. Bass of Peterboro defeating Bertram Ellis of Keene for the Republican gubernatorial nomination by a substantial majority.

One of the chief minor features of the election was the defeat in this city, as delegates to the state convention, of United States Senator Jacob H. Gallinger, chief supporter of Colonel Ellis, and former Senator William E. Chandler, who had been prominent in the support of Mr. Bass.

SWEEPING VICTORY FOR LA FOLLETTE.

Milwaukee, Wis., Sept. 7.—United States Senator Robert M. La Follette has swept the state of Wisconsin in the primary election for renomination. Defeating his opponent, Samuel A. McCook of Neenah by probably five to one.

Although early returns showed considerable strength for E. T. Fairchild in the race for the Republican nomination for governor, the latter figure is showing large gains for F. E. McGovern, who won fame as the anti-grain attorney of Milwaukee.

There is now a certainty that count-

GEORGE E. ROBERTS RETURNS TO BE DIRECTOR OF THE MINT

Beverly, Mass., Sept. 7.—George E. Roberts is to return to Washington as director of the mint, and A. Platt Andrews, who succeeded Mr. Roberts when the latter resigned from the place he is now to resume. will remain in the treasury department as assistant secretary. This has been announced from the summer White House. Mr. Roberts resigned from the government service to become president of the Commercial National bank of Chicago, but since that time the institution has been merged with the Continental National bank, and Mr. Roberts has been engaged in private business pursuits. A. Platt Andrews left the mint directorship when C. D. Norton was made the president's secretary.

Option has been defeated by a big majority, for both of the candidates who are now in the lead are opposed to county option. W. M. Lewis, a La Follette supporter, but advocate of county option, is far behind the other two candidates.

The so-called progressive Republicans seem to have won one congressman, as indications point to the defeat of W. H. Stafford in the Fifth district. All other present congressmen are probably renominated.

BURROWS DEFEATED.

Detroit, Sept. 7.—United States Senator Julius C. Burrows of Kalamazoo was yesterday in the primary elections defeated for renomination by Chas. E. Townsend of Jackson, after serving 18 years in the lower house of congress and 15 years in the senate.

The primary election in Michigan also gave the Republican nomination for governor to Chas. S. Osborn of Sault Ste. Marie, former state railroad commissioner and present regent of the university. Mr. Osborn's opponents were Lieutenant Governor Patrick H. Kelley and Amos S. Musseman of Grand Rapids.

INSURGENTS LAND.

San Francisco, Sept. 7.—Without a single negative vote on any question that came before the state convention, the progressive wing of the Republican party took over the organization management, endorsed the nominees chosen at the recent primaries and adopted a party platform yesterday.

The platform declares the allegiance of the party in this state to the "progressive" Republican policies enunciated by President Roosevelt; and reaffirmed and already in part enacted into law under the administration of President Taft.

Detroit, Mich., Sept. 7.—Complete returns this afternoon, embracing about two thirds of the entire state, show that Townsend is leading Burrows in the senatorial contest by about 19,000. The other progressive candidates are leading by various margins.

JOINS INSURGENTS.

Concord, N. H., Sept. 7.—New Hampshire has gone into the insurgent column. Reuben Fernald, former third of the district, gave the progressive candidate for governor more votes than Ellis, his stand partner.

GREAT BRITAIN WINS DISPUTE

The Hague, Sept. 7.—The International court of arbitration has decided the Newfoundland fishery dispute in favor of Great Britain and against the United States on all important issues.

TRACTION CAR JUMPS THE TRACK

Accident Occurred Today in Outskirts of Mansfield

FIFTEEN WERE INJURED

Sharp Curve Struck by Car Running at Alleged Speed of 45 Miles Per Hour.

Mansfield, O., Sept. 7.—Fifteen passengers on a Cleveland and Southwest-on traction car were injured, two fatally and six seriously, when the car jumped the tracks and overturned on a curve at Crate street and Central avenue in the east outskirts of Mansfield today.

The car, west bound, on the the Seville and Bucyrus division, was running at an estimated speed of 45 miles an hour when it struck the curve, which is sharp. It ploughed deep into the roadway after leaving the rails, until it struck the ditch where it turned up-side down. It stopped resting on its roof.

Of the 25 passengers aboard the car, only about ten were able to extricate themselves from the wreckage unassisted. Rescuers carried the others in to nearby houses, where they were given medical attention by physicians. Eight victims were taken in ambulances to the emergency hospital.

The motorman said within a few minutes after the accident that the brakes failed to control the car as he approached the curve. A passenger said that the car nearly went off a curve just before the one at which it was ditched and he thought then that something was wrong.

CHARLES SCHAFER CONFESSES TO CRIMES

"I don't know whether to believe Charles has been in all those jobs or not," said George Schaffer of this city, now located in Columbus, after he had made inquiries about his son Charles, who has made a confession that he was the hold-up man responsible for the "wave of crime" in Columbus last winter. "Charles is a bad boy and he has been 'hanging out' with a bad gang," the father is reported to have said when questioned about his son.

Charles Schaffer is now in the Lancaster Boys' Industrial school, and he recently wrote Judge Black of Columbus a letter in which he confessed to many burglaries, and the judge will go to Lancaster to talk with the boy and investigate the matter further.

Mr. Schaffer believes here is a possibility that the boy is telling the stories to exchange his sentence to the Mansfield Reformatory. The Newark city directory does not give the name of a Charles Schaffer.

MILITIA

May be Called to Assist State Deputy in Killing Tubercular Cattle.

Chardon, O., Sept. 7.—One hundred farmers prevented Deputy State Food and Dairy Commissioner Baker of Cleveland from killing eleven Holstein cows which had been declared tubercular here today. Baker had ordered the cows, which are owned by Steve Silvernail, killed.

Having his orders disobeyed, he started out to kill them himself. When he met with determined resistance and threats of trouble he returned to Cleveland, saying that he would call out the militia if necessary to kill the cows.

RECORDS MORE QUAKES.

Cleveland, O., Sept. 7.—The St. Ignatius College observatory reports two distinct earthquake shocks about two hours apart were recorded last night. Owing to the absence of preliminary shocks the distance cannot be estimated.

CHARGED WITH TRAIN HOLDUP

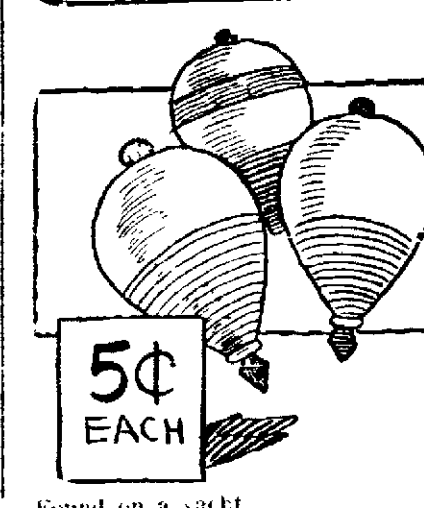

St. Louis, Sept. 7.—Police today arrested Emil Freund of Chicago, who they claim, confessed that he and a pal planned the holdup of the Burlington train in the local yards last night. Freund says he missed the train and it was his pal, Albert Julian, who shot the brakeman. Julian was captured later but denies shooting the brakeman.

WOMAN'S WORLD

The Harmonious club met with Mrs. Tom Adams on Granville street on the regular club day. The afternoon was spent in sewing and a course luncheon was served. Miss Jones was a guest of the club.

On next Tuesday the club members will go to Stadden's Bridge for a picnic.

Dr. and Mrs. George Washington Woods gave a dinner Monday evening at their home in East Broad street, Columbus, for visitors there from California whom they met while traveling there last winter. Table decorations were unique. Golden yellow and white were the colors of the flowers used, in combination with asparagus ferns. Yellow oxcomb in masses was employed. In the center was a large brass jardiniere filled with the oxcomb, while around the edge was a sort of broad band effect of the same flowers, fringed with ferns. Among the guests was Miss Mansfield of Granville.

A number of the friends of Mr. Fred M. Ryan of the King Shoe company,

gave him a farewell banquet on Tuesday evening at the Thomas M. Taylor hotel. Mr. Ryan leaves Sunday for Austin, Texas, where he has accepted a position with the Wells Shoe company.

An elaborate menu was served, consisting of four courses, and several impromptu remarks of regrets and best wishes were given.

Those seated at the banquet were: Messrs. C. M. Kuhn, C. H. Wesson, C. W. Heinemann, Walter W. Skinner, Charles Martin, Earl C. Baird, H. J. Preston, Floyd Allen, Fred L. Jones, and Mr. Ryan.

September the sixth, 1890, was the wedding day of Thomas M. Taylor and Victoria Van Voorhis, and on Tuesday they celebrated their golden wedding anniversary at their home in North Fifth street, surrounded by their children, grandchildren and other relatives and friends.

At one o'clock a family dinner was served, covers being laid for eighteen. In the afternoon a number of relatives and friends called to extend congratulations.

Mr. and Mrs. Taylor spent forty

the fifty years on the farm south of Newark. The earlier and later years of their married life have been spent in the city. Their children, with the exception of their son Stanley, who died at the age of nineteen, live about them in and near this city. They are Mrs. Jennie Stewart, Arthur E. and Theodore Taylor, Mrs. E. L. Stewart, Mrs. E. S. Randolph, Fulton Z. Taylor and Mrs. G. W. Cline.

The many friends of Mr. and Mrs. Taylor extend hearty congratulations upon this rather unusual occasion.

GRUBER-HARTTE.

A simple yet an impressive wedding took place Monday morning at the Blessed Sacrament Church when Mr. Harry C. Gruber was united in marriage to Miss Stella Hartte. The bride looked charming in a gown of white and carried bride's roses. They were attended by Miss Catherine Gruber, sister of the groom, and Mr. Frank Gruber, brother of the groom, also the flower girl, sister of the bride, after the wedding they went to the bride's home where an elaborate wedding breakfast was served to the immediate family.

The groom is the son of Mr. and Mrs. Frank Gruber, and a popular employee of the A. H. Heisey & Company, while the bride is a charming daughter of Mr. and Mrs. J. Hartte. The happy couple left on the noon train for Meadville, Pittsburg and other points. After a two weeks honeymoon they will be at home to their many friends in their newly furnished home on Penny avenue. They have the best wishes of a host of friends.

LEIGH-ALLEN.

Miss Della May Allen, one of the charming daughters of Mrs. Caroline Allen, 41 High street, was married Wednesday noon to Mr. Elmer G. Leigh of Chicago. The wedding was solemnized in the presence of just a few intimate friends and relatives at the parsonage of the Central Church of Christ, the Rev. W. D. Ward officiating.

The couple will make their future home in Chicago, where Mr. Leigh is in the employ of the Northwestern Elevated railway.

Frothed Chocolate—Scald one pint of milk in the double boiler; dissolve one level teaspoonful of cornstarch in a little cold water, and stir it into the hot milk, cover and cook for ten minutes. Scrape four squares of bitter chocolate, add two tablespoonfuls of sugar and two tablespoonfuls water, and set at the side of the fire where it will slowly melt. When quite dissolved and glossy, add gradually one pint of hot water, stir over the fire two minutes, and add it to the milk. Cook in the double boiler, stirring occasionally, for ten minutes; then beat vigorously with an egg beater, and serve with whipped cream.

Stuffed Egg Plant—Boil an egg plant in unsalted water for twenty minutes; drain, cut in halves and remove the center, leaving a wall half an inch thick. Chop the scooped out portion, put it in a basin, add half a cupful of bread crumbs, one chopped hard boiled egg, two tablespoonfuls of melted butter, one tablespoonful of chopped tomato, seasoning of salt and paprika. Put the stuffing into the egg plant, brush the top with melted butter and bake in a hot oven for half an hour. Serve hot.

BALLOON WHICH LANDED IN CITY SHIPPED HOME

The Hamilton balloon party which landed here Tuesday forenoon, gave up the idea of a return flight on account of the weather indications.

The balloon "Dixie" was packed up and hauled into the city from where it was shipped back to Hamilton Tuesday afternoon. The balloon party came into the city in one of the Dennis White autos about noon, and after a short stay at Hotel Warden for lunch, departed for Columbus on the interurban. The balance of the day was spent in that city.

The Advocate received a number of telephone calls Wednesday morning from people who were anxious to see the balloon start on its return trip, and not a few kept a good lookout in the southern sky with the hope that they might catch a glimpse of the big gas bag bearing its passengers homeward.

COURT NEWS

Names of Indicted Men Made Public

The names of the four men indicted and not in custody, charged with murder in the first degree were made public by the state's attorneys on Tuesday. They are R. S. Holler, Walter Diehl, Sanford Henry and Amos Reed. The attorneys will place the names of the men wanted in the criminal record papers of the county. The county commissioners were asked whether or not a reward would be offered for the apprehension of any or all of these men. They said that the county was already offering a general reward of \$1000 for the apprehension of these men and they believed this reward ample. The commissioners also believe that if an additional reward is offered, it would be in excellent taste for the city to act in the matter.

Trials May Not Begin Before Nov. 1

It is not known just when the trials of the persons indicted by the recent grand jury will begin, inasmuch as the assignment of civil cases already made will occupy the attention of the court until the latter part of October. It is believed by court officials and lawyers that the trials of the persons indicted for rioting and in connection with the lynching will not begin until Nov. 1.

Electric Lighted Trains.

The Zanesville Signal has the following to say regarding the equipment of the through trains on the B. & O. with electric lighted equipment of the through trains of the B. & O. was the electric lighted train which first passed through this city the first of last week.

"For some time past the trains on the main line, those on the divisions from Baltimore to Chicago and those from Baltimore to St. Louis, Mo., have been thus equipped and all the eastern divisions as well. In a short time the company hopes to have all their fast trains so equipped.

"The trains passing through this city having this equipment" were Nos. 7 and 8, running between Baltimore and Chicago.

"The lighting is accomplished by generators located in the rear end of the baggage car and driven by steam pressure from the locomotive, so that the lights are burning, even when the train is at a standstill. All the large lights are lit by electricity and each berth in the sleepers has an individual light."

"These trains have formerly been lit with the Pintsch gas, which, however, is much inferior to electricity, generating too much heat and there being the ever present danger from the open flame.

CURES MALARIA

Malaria is a species of blood poverty known as Anaemia; it is a condition in which the circulation is so weak and impure that it is unable to supply the system with sufficient nourishment and strength to preserve ordinary health.

The real source of malarial infection is a question about which medical authorities differ. Some take the position that it is an atmospheric poison, the germs of which are breathed into the lungs and thus transmitted to the circulation. Others advance the theory that persons become inoculated with the poison through the bites of mosquitos. While the profession differ about the actual method of malarial infection, they all agree that Malaria is a **BLOOD DISEASE**, and any treatment to successfully overcome its effects must **PURIFY THE BLOOD**.

When the germs of Malaria get into the circulation, the nutritive properties of the blood are weakened, the rich, red corpuscles being gradually destroyed by the malarial poison. Then the symptoms of the disease begin to be manifest. In the first stages of Malaria the complexion becomes pale and sallow, the appetite is affected, the system grows bilious, and there is a general feeling of lassitude and weak-

tem grows poisonous, and there is a
ness. Malaria is an insidious
poison and it gradually attacks
other portions of the system,
and if the germs are allowed to
remain in the blood, they some-
times give rise to serious dis-
eases and disorders. As the
circulation becomes more thor-
oughly saturated with the malar-
ial infection, the digestion is
deranged, chills and fever come
and go, skin diseases, boils,
sores and ulcers, etc. break out
on the body, and after awhile
the entire health becomes im-
paired.

Malaria can only be cured by
removing the germs from the
blood. Purging the liver and
bowels with strong, nauseating
cathartics can never reach the

possible relief until I began taking your medicine, and from my experience I can safely say that S.S.S. is the best blood purifier in the world.

This Bank and Your Credit

It is a mistake for the young business man to say: "I have no need of credit. I buy and sell for cash."

It is right and proper to pay promptly, but the successful business man is the one who establishes a credit and protects it as he would his character.

This bank desires as customers young business men with ability to successfully conduct their business. We know the business man's requirements and will help every honest effort to build up a credit.

WOMAN CAUSES POLICE TROUBLE

The police have been given a good many false runs lately by women who are trying to discover "cracks in the lid" in Newark, but the limit was reached this morning when the patrol and several officers were sent to raid a meeting of the Machinists' union.

The union has been holding meetings in the old wooden Congregational church, which was moved to the rear of the lot when the new stone structure was built. Since the talk of arbitration with the B. & O. has come up morning meetings of the union have been held.

Every morning this woman has seen men going into the building and immediately she formed the idea that bootlegging was going on. This morning she called the police and several were detailed to make the raid. The building was surrounded and the room was entered but there was nothing doing in the liquor line.

CENTERBURG.

The people of this community are all rejoicing over the fine rain we had. Mr. Dale Gantt and sister Edith are visiting old friends at Martinsburg this week.

The Ludlow school began Monday with Miss Ella Yost of Brandon as teacher.

Aunt Emma Thatcher is quite sick. Mrs. Thomas Perry is visiting her daughter, Mrs. Walcott of Mansfield this week.

Misses Cecile and Lillian Ryan are visiting their grandparents, Mr. and Mrs. Emanuel Taylor near Bladesburg.

Mrs. Lena Moorehead and children, Blanche and Morea and Mr. and Mrs. John Gearhart spent Sunday with Mr. and Mrs. Ogg Thatcher.

Mrs. Lorence Shaffer, who has been at the S. itarium in Mt. Vernon for the past six weeks, returned to her home at Liberty, Saturday evening.

Mr. and John Yoakam spent Sunday with George Shaffer and sons of Mt. Liberty.

PLEASANT VALLEY

Ed. M. Larason and sister, Mrs. Dennis Bell of Newark, spent Sunday night at W. O. Beckham's and visited their grandmother, Mrs. Jane Mercer of Frampton, Monday.

WOULD ENLARGE THE CORPORATION

Johnstown, which already has the reputation of being one of the largest and most progressive towns in Licking county, outside of Newark, is anxious to extend the corporation limits of the town. During the past several years there has been a phenomenal growth in the village and contiguous territory, and now a petition has been filed with the county commissioners praying for the annexation of certain territory to the village. Attached to the petition is an accurate map of the territory desired to be annexed. The time of hearing has been set for Thursday, November 10, at 10 o'clock a. m.

Daddy's Bedtime

Story—How the Little Pig Was Fooled

"PIGS are not very clever animals, are they, daddy?" asked Evelyn, who had seen a performing pig at a circus and thought it great fun to see the animal go through its tricks.

"No," said daddy. "As a rule they are not. But I once heard about a piggy which fooled a farmer and was later fooled himself by the farmer. I shall tell you about it this evening."

So that evening daddy began: "Once upon a time there was a farmer who had a large patch of potatoes. The potato plants were coming up finely, and when the farmer looked after the potatoes he saw that they were doing very well indeed. They were about the size of hen's eggs, and the farmer thought he would have a fine crop. But one morning the farmer noticed something wrong with his potato patch. Some of the vines were rooted up, and some of the potatoes were gone. Of course he wanted to learn who the thief was—he wasn't going to grow potatoes for any one who wanted to visit his fine patch and help himself, said the farmer—so he made up his mind to watch until the thief should come along and then surprise him.

"He hid himself among some bushes. But he saw nothing for a long time, and he was just about to give up, greatly puzzled, when he saw one of his own pigs, a fine, young, half grown porker, come slowly up the road. 'That can't be the potato thief,' said the farmer. 'He can't get into the patch through the new fence. It must be some one else who is helping himself to my nice young potatoes.'

"But couldn't he, though? That was a pretty young pig, I tell you. He had found a way to get at the potatoes, and this was the way: One corner of the rail fence rested on a large hollow log. That hollow log was shaped like a stovepipe elbow. One of its ends was inside and one was outside the potato patch. The pig went straight to the log, crawled through and, coming out at the other end, found himself in the field. He was just starting in to root up the potatoes when the farmer called his dog and drove him out of the field.

"'I'll fix Mr. Pig,' said the farmer. Then he turned the hollow log around so that both its ends were outside the field. Then the farmer hid again and waited. Along came Mr. Pig again. He crawled through the hollow log as before, but instead of finding himself in the patch there he was out in the road again. He was the most surprised pig in the world. He wond red what was wrong. He tried again and again, but it was no use. The farmer laughed at him, and at last poor Mr. Piggy gave up trying to reach the nice new potatoes."

FUNERAL OF FRANK McDONALD.

The funeral of the late Frank McDonald, assistant trammaster of the Newark division of the N. E. & O. railroad, who died at the Mt. Zion hospital in Columbus, Sunday evening, was held at the funeral parlors of Criss Bros. & Jones Tuesday afternoon at 3 o'clock. The service was attended by a great concourse of friends of the deceased who gathered to pay their last respects to one of the best known railroad men in this section of the state. The display of floral contributions was magnificent.

The funeral service was conducted by Rev. T. A. Cosgrove of the Second Presbyterian church and the members of the Uniform Rank, K. of C., attended in a body. The pall bearers were railroad officials, and lodge brothers, being J. P. Fitzgerald, division trainmaster, to whom the deceased was assistant; H. S. Fordyce, George R. Kimball, James Thomas, J. A. Kidwell and E. G. Swank. Interment was in Cedar Hill cemetery.

FUNERAL OF THOMAS JONES.

The body of Thomas Jones, the Newark man who fell from the dock at Sandusky on Monday and was drowned in the bay, was brought here Wednesday noon and taken to Bowers' morgue on North Fourth street, where it will remain until Wednesday evening when it will be taken to the home of his daughter, Mrs. A. E. Walton, 381 Maple avenue, where he had made his home. The funeral services will be held at the St. Francis de Sales church Friday at 9 a. m., conducted by the Rev. Father Ryan, and the interment will be made in Cedar Hill cemetery.

FUNERAL NOTICE.

All members of the Social Friends are requested to meet at the hall on Thursday at 1 o'clock sharp, to attend the funeral of our sister and friend, Myrtle Parson. By order of secretary.

A Lenoir Lady, After Two Weeks Grinding Labor, Feels Better Than Ever.

Lenoir, N. C.—"I am not tired at all, and am stouter than I have ever been," writes Mrs. Kate Waters, of Lenoir, N. C., "although I have just finished a two weeks' wash. I lay my strength to Cardui, the woman's tonic. I have taken a lot of it and I can never praise it enough for what it has done for me. I can never thank you enough for the advice you gave me, to take Cardui, for since taking it I look so well and am stout as a mule."

You are urged to take Cardui, that gentle, vegetable tonic, for weak women. Its use will strengthen and build up your system, relieve or prevent headache, backache and the ailments of weak women.

It will surely help you, as it has helped thousands of others, in the past 50 years.

Girls Who Work

are especially exposed to the dangers of female organic disorders. Lydia E. Pinkham's Vegetable Compound has enabled thousands of girls to hold their positions.

Read what these girls say:

Phila., Pa.—"I can truly say that Lydia E. Pinkham's Vegetable Compound and Blood Purifier saved my life. When I was 14 years old I was regular and then it went away for a long time. I went to many doctors but none helped me, so I wrote to you for advice and followed your directions. I took the Vegetable Compound and Blood Purifier and now I am strong and healthy again. I cannot express my gratitude to you."—Lizzie Weber, 4152 N. Fairhill St., Phila., Pa.

Cleveland, Ohio.—"Having suffered for five long years with suppression and great pain every month, spending big money for doctors and getting no cure, I at last went to Mrs. Pinkham's medicine with little hopes, but found just what I needed. To-day I am regular and have no pain, thanks to your advice and Lydia E. Pinkham's Vegetable Compound."—Lizzie Steiger, 5510 Fleet Ave., S. E., Cleveland, Ohio.

Is it not reasonable to suppose that a medicine that did so much for these girls will do the same for any other girl who is suffering with the same troubles?

These testimonial letters are the genuine and truthful statements from honest people.

Does it not seem the only sensible thing to give such a medicine at least a trial? You may be sure that it can do you no harm, and there is lots of proof that it will do you much good.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

GOOD WORK ACCOMPLISHED BY THE SALVATION ARMY

This picture of Captain and Mrs. E. W. Dunn and Rev. George C. Ewart will be of especial interest to those inmates of the county jail who have heard them in their jail meetings. Captain Dunn found Mr. Ewart carrying on jail meetings when he came to Newark to take charge of the Salvation Army in April, 1909, and by

the appointment of Judge Brister was assigned this work in which he was engaged each Sunday afternoon until he was recently removed to Painesville, O. Mr. Ewart still visits the jail and takes his little organ and when the hymn books are handed to the prisoners they are given opportunity to select their favorite songs and join in the singing, after which one of the workers read a portion of Scripture and talks to the prisoners, trying to lead them to accept Christ as their personal savior and to henceforth lead the pure, clean, honest life in Christ Jesus, their Saviour.

Captain Dunn and his helpers have done much for these prisoners, visiting them in their homes when released and aiding them to secure honest work in Newark that they may prove themselves worthy of trust. Aside from the talks, prayers and gospel songs, papers and magazines were freely given that were appreciated when time hung heavily on their hands.

Many copies of the New Testament have been left with the prisoners.

with instruction to trace them out with them when released, and we know that many copies did come out and are cherished by the owners. If we be asked how many were led to accept Christ, we reply we cannot tell how many, but that some have done so as much as we know that your labor is not in vain in the Lord.

Any one acquainted with the prisoners will have noticed how they gathered on the street corners on Saturday nights and Sunday afternoons to hear the Salvation Army services. It was the gospel songs and messages that attracted them and by the grace of God many shall yet be won to Jesus as their saviors.

MANUAL TRAINING FOR STUDENTS OF THE HIGH SCHOOL

Educational Board Will Bear Cost of Tuition—Compliments Paid Retiring Truant Officer.

So popular is the course of manual training becoming in the public schools that a sufficient number of students have signified their willingness to attend night instructions in that branch to make it of interest to the board of education. As a result, the board in its regular meeting last evening, advised Prof. W. E. Painter, supervisor of manual training, that it would bear the cost of tuition, provided it did not exceed \$100 per year for each class of night students.

These night classes, if organized, will, it is understood, include high school students only. There are already applicants enough to fill two classes of twenty members each.

The final report of L. J. Jones, the retiring truant officer, was received by the board Tuesday night. Judging from the compliments paid Mr. Jones by the various members, his resignation is deeply felt by the board. He expressed his regrets at being compelled to sever his connection with the board and the city schools and extended his thanks for the confidence and consideration shown him from time to time in his many years of service as truant officer. His newly appointed successor, Frank G. Bond, was administered the oath of office by Clerk Keller at Tuesday night's meeting.

Superintendent Simkins' appointment of the following teachers was confirmed by the board and the instructions will be assigned as they are needed, in the following order: Miss Kathleen Van der Meer, Miss Frances Stevens, Miss Irene Sweeting, Miss Emily Hall, Miss Florence Myers, Miss Ethel Green, Miss Ethel Emery and Miss Sarah McNeely.

The resignation of Miss Ruth J. Madley and Miss Ethel G. Bonner were offered and accepted by the board. While Misses Stella Paly, Elizabeth Watkins and Ruth Blackhall each applied for one year's leave of absence. Mrs. Elizabeth Harris was appointed business manager of the Hudson Avenue school to succeed Mrs. Ruth Wright, resigned.

Superintendent Simkins was reappointed city teachers' examiner for a period of three years, beginning the first of the present month.

On motion the salaries of Miss Mary Nichol and Miss Ethel McGowan, clerks to the superintendent, and principal, respectively, were fixed at \$7.50 per week.

The question of the purchase of an electric transformer for use in the High School physical laboratory, was referred to the supply committee with power to act.

The board directed that the clerk's annual report be published in the two daily papers of the city.

TOWN COUNCIL HOLDS MEETING AT GRANVILLE

Ohio Fuel Supply Co. Would Raise Price of Gas—News Items from the College City.

Granville, Sept. 7.—The town council met in regular monthly session Tuesday evening. When Clerk Evans called the roll, every member was found in his seat, being Messrs. Ashbrook, Ferguson, Jones, Pattidge, Kuster and Thomas.

The minutes of the preceding meeting were read by Clerk Evans and approved.

The report of the Board of Public Affairs for the month of August was read, and on motion was received and filed. Some with the reports of the treasurer and clerk.

Mr. L. B. Lanning, of Columbus, representing the Ohio Fuel Supply company, successors to the Granville Natural Gas and Light company, was present and on being invited to take the floor that gentleman said he was present at the meeting in the interest of his company, which desired to fix the price of gas to consumers in Granville for the next five years. He said that under the old contract consumers in Granville had been paying 20 cents per thousand feet. He said that his company could not afford to furnish gas at the old price and that it was compelled to increase the price.

He said that he had prepared an ordinance covering the same. The ordinance provides that the company shall furnish consumers of Granville with natural gas for a period of five years, from October 1, 1910, at a rate of 25 cents per thousand cubic feet, subject to a discount of 10 per cent per 1000 cubic feet, if payment is made at the company's office on or before the 10th day of the month, for gas consumed the previous month; that the Ohio Fuel Supply company, its successors and assigns may make and collect a readiness to serve charge of 50 cents per month for each meter where the meter shows a consumption of less than 50 cents worth of gas in any month.

On motion of Mr. Ashbrook the matter was laid on the table, and a special meeting will be held on Tuesday evening of next week for purpose of considering the matter.

The marshal was authorized to notify property owners who have allowed weeds to grow up on their premises to have them removed at once. The marshal was also authorized to see to it that the lot on the site of the old female sanitarium be cleared of the rubbish that now discolors it.

Mr. Rose, who was present, said that there were a number of citizens of Granville residing on West Elm at Plum street, who desired to improve their premises by the putting down of sidewalks; that in order to make these improvements it would be necessary to do some grading at the intersection of Plum and Elm streets, just south of Sugar Land Hill. Mr. Rose said that it was his intention to build a house on his lot, and thought that the grading could be done at a comparatively small cost. After some discussion of the matter the street commissioner and the street committee were empowered to expend not to exceed \$100 on the improvement, and that the work be done as soon as possible. Mr. Rose said that he was assured that several of the property owners would assist in making the improvement.

An ordinance was passed defining the limits to accept and improve Thresher street, south of Shephardson Park Addition, being a sub-division to the village of Granville.

The business of the meeting was concluded by the passage of the regular finance ordinance.

Mr. John A. McClain, who is known by everybody in Granville and Granville township, has engaged in the auction business, and has rooms in the Pryor building, where he can be found at any time. Mr. McClain is a first rate auctioneer and will cry stock sales, and attend to auction business of all kinds.

Howard Montgomery, the real estate agent, is erecting a handsome residence on Centerville street. When completed it will be one of the most attractive residences on this street.

The annual excursion run by the T. and O. C. Railroad company to Mackinac Island, occurred on Tuesday and was liberally patronized all along the line, as it always is. At nearly every station along the line excursionists boarded the train. Among those from Granville were Messrs. Frank Robinson, Charles Robinson, T. A. Smoots, T. M. Kier and their wives. The excursion is for fifteen days.

Miss Mabel Williams of Hamilton, O., visited friends in the village from Friday until Monday.

HAIR WHITE AS SNOW

Restored to Natural Color with One Bottle of

WYETH'S SAGE AND SULPHUR HAIR REMEDY

The Only True Hair Restorer, Tonic and

Rejuvenator

ALMOST A MIRACLE

My hair was as white as snow when I commenced using Wyeth's Sage and Sulphur Hair Remedy. One bottle restored my hair to its natural dark brown color. As I am now 70 years old, I consider the result most remarkable. It is an agreeable and refreshing hair dressing, keeping the hair soft and glossy, without being in the least greasy or sticky.

WM. WESTLAKE,
210 West Main Street, Rochester, N. Y.

Why hesitate when WYETH'S SAGE AND SULPHUR HAIR REMEDY is daily producing just such results?

After years of study and analysis of the hair, we have been able to produce an ideal Hair Tonic and Restorer, which contains an actual constituent of hair, combined with ingredients of recognized merit for treatment of hair and scalp diseases. It makes and keeps the scalp clean and healthy, gives life, strength and lustre to the hair, and restores faded and gray hair to natural color.

No matter how long and thick your hair is, WYETH'S SAGE AND SULPHUR HAIR REMEDY will make it longer and thicker. It will remove every trace of dandruff in a few days, stop-falling in one week, and start a new growth in from one to three months.

These are facts that have been proven in scores of cases. WYETH'S SAGE AND SULPHUR HAIR REMEDY is guaranteed to do all that it is claimed to do or the price will be refunded.

OBITUARY

MISS LYDIA T. CHRISTIAN.

Retiring Tuesday evening apparently in her usual health, Miss Lydia T. Christian, daughter of Mr. and Mrs. William Christian, 107 W. Main street, was seized with an attack of organic heart disease shortly before 2 o'clock Wednesday morning and died within less than an hour. Miss Christian had been an invalid for several years, but her health had been considerably improved recently, with the exception of occasional attacks of shifting rheumatism, one of the most severe of which occurred last winter. Wednesday morning about 1 o'clock Miss Christian called to her sister for aid. An instantaneous response found the young woman suffering from rheumatic pains in her arm and shoulder, which a few moments later are thought to have transferred to the region of her heart, causing, almost instant death.

She was unconscious from the moment assistance reached her side. Miss Christian was born in Newark Sept. 23, 1870, and had resided at home all of her life. She was a patient, kind disposition, which won for her hundreds of friends. The deceased attended the Second Presbyterian church.

The funeral services will be held at the home Friday afternoon, although the exact hour has not yet been determined. Rev. T. A. Cosgrove will officiate, and interment will take place in Cedar Hill cemetery.

This is the first death in the immediate family of Mr. and Mrs. Christian. The deceased is survived by her parents, three brothers, William C. Fred and Frank, and one sister, Miss Mary, all residing at home.

HARRY WACHSTETTER.

After a lingering illness from a complication of diseases, Harry Wachstetter of this city died Tuesday evening in St. Anthony's hospital, at Columbus, at 7 o'clock. The body will be brought to Newark Thursday morning at 10 o'clock and will be taken to Cedar Hill cemetery, where short services will be held by Rev. F. E. Vernon. The deceased was a widow, his wife having died a year ago. Two daughters survive him.

MRS. O. E. CARSON.

Mrs. Myrtle Carson, wife of B. & O. Conductor Carson, was born Dec. 13, 1874, and died Sept. 5, 1910, at Columbus, aged 35 years, 8 months and 23 days.

She was married to O. E. Carson March 4, 1904, and the husband, with two children by a former marriage and a brother survive. The deceased was a member of the United Brethren church and was affiliated with the Social Friends.

The funeral services will be held Thursday afternoon at 2 o'clock at the United Brethren church. Rev. T. C. Biddle officiating. Interment at Cedar Hill cemetery.

FUNERAL OF WM. P. YOUNG.

The remains of the late William P. Young, former clerk of the county of Lincoln county, whose sudden death shocked the community Monday, were laid to rest Wednesday morning. The service was conducted by the Rev. Father Ryan at St. Francis de Sales church at 8:30 o'clock, the Knights of Columbus and Elks, of which the deceased was a member attending as a body. The following associates of Mr. Young acted as pallbearers: W. B. Bader, John Brennan, John Feeney, Will Smith, Frank Bader and Frank Schmitt. Interment was in Mt. Calvary cemetery.

FUNERAL OF MRS. COLVILLE.

The funeral of Mrs. Fidelia Colville, who died at her home, 302 Elmwood avenue, Monday morning, was held Wednesday afternoon at the home, instead of Tuesday, as erroneously stated in Tuesday's Advocate. The service was largely attended. Rev. L. C. Sparks officiated. Interment was in Cedar Hill cemetery.

MEN OLD AT 35

One Million Baldheads Who Thought Dandruff Wasn't Dangerous. In the United States and Canada today there are nearly a million men who at 35 can be put in the bald-head class.

When these men had thick, vigorous hair, dandruff made its appearance. That was the time to attack the enemy of mankind—the persistent little devil called a dandruff microbe or germ that burrows deep down into the hair root and saps it of the vitality that is so essential to the hair. Young men or any man, for that matter, beware of the dandruff germ. It is not a theory, but an actual condition that confronts you. That dandruff is caused by a germ, is proved beyond question. That this germ destroys the hair root is today a matter of common knowledge.

Evans' Drug Store has the remedy that kills the dandruff germs. They guarantee it to eradicate dandruff, stop falling hair and itching scalp in two weeks or money back. It is called Parisian Sage and can be obtained at druggists in every town in America. Ask Evans' Drug Store for it. The girl with the Auburn hair is on every bottle of Parisian Sage.

WILL RESUME
CIGAR FACTORY
AT IRONTON, OHIO

The Irontonian of Ironton has the following to say regarding Swisher Bros. cigar factory, which was closed down in that city several months ago, and the machinery taken to Chillicothe.

Swisher Bros' cigar factory will be started here again unless present plans are changed, and it is not thought they will be. Mr. John Swisher and Mr. Stone, who was foreman of the plant when it was closed, were visiting over the grounds and looking at a building. Mr. Swisher, who expects to move his machinery back here soon, if satisfactory arrangements can be made, has in view several locations, the one in the Ketter block, occupied by the factory when it was started here, the Erumberry building, which was used by the factory when it was closed down, the Halley property on Second and Washington and one or two other outlying places.

Swisher Brothers have several reasons for desiring to again operate a cigar and stogie factory here. They found, when here before, that the shipping facilities were far excellent and that the help was of the best. Besides many of their best employees in the Chillicothe plant are Ironton girls who are all anxious to secure work at home.

The Swisher plant will be a welcome addition to the industries of the city, and it employed over 200 persons before when turning full.

Rheumatism in Ankles

One Bottle of Rheuma Cured Woman Who Could Not Walk.

Marvelous as this story may seem, it is absolutely true; but this is only one of the many almost magical cures that Rheuma is performing these days.

Mrs. Gertrude Kezel, Smithfield, Pa., wrote on Feb. 14, 1919: "I had rheumatism for over a year; it settled in my ankles and I could not walk. I have taken one bottle of Rheuma and do not have any more pain, and I can again walk at will."

Evans' Drug Store will sell any reader of the Advocate a bottle of Rheuma for 50 cents and guarantee it to cure any case of any kind of rheumatism or money back.

Gratifying relief comes in a day because Rheuma acts at one time on the kidneys, stomach, liver and blood, and starts to rid the entire system of poisonous uric acid at once.

Mail orders filled, charges prepaid, by Rheuma Co., Buffalo, N. Y. Write for free trial bottle.

English Marhué is the real remedy for indigestion. 5 cents at Evans' Drug Store, or mailed by Rheuma Co., Buffalo, N. Y.

INCREASE IN
ATTENDANCE OF
PUBLIC SCHOOLS

School has begun in fact. Tuesday marked the active beginning of the tedious task of teachers and pupils in all the city schools, the assignment of lessons and the scheduling of classes.

Although the complete enrollment in all the schools has not yet been reported to the office of Superintendent Smkins, it is believed that the figures when presented will show a marked increase in school attendance over that of last year. The first report is usually below what the actual attendance reaches a week or so after the beginning of school owing to the fact that there are always a number started late.

It is estimated that between 2,700 and 2,800 pupils will have been reported for the present year's work.

Already many school rooms are reported overcrowded, the congestion necessitating the transfer of a number of pupils from one city section to another. Each year the school board has many disputes to settle with persons who object to their children being transferred to some other building than the one they have attended. But this difficulty cannot be avoided, as the board and officers use every means known to them to conveniently assign the pupils, and such congestion in the schools is a matter that can neither be foreseen nor avoided.

While some of the rooms are overcrowded, others in the grades can accommodate more pupils, and the superintendent will be obliged to make a new distribution of pupils in some of the buildings.

Members of the school board express confidence that the superintendent and principal will make the best possible distribution of the students.

FREE NEXT SUNDAY.

As high class as any 25 or 35-cent magazine to be had at the newsstands is the Monthly Magazine Section of the Pittsburgh Sunday Dispatch, which comes free with that excellent newspaper on the second Sunday of each month. The September number, which will be out next Sunday, Sept. 11, is the best ever. H. de Vere Stacpoole's fascinating romance, "The Man in Black," will be concluded, and complete short stories will include "On the Sultan's Road," by Leo Crane, "The Headliner," by Randolph Bartlett, "When Red Was White," by Roy Stewart, "The Weapons of Eve," by Lily Long, "The City," by Frederick Arnold Kummer, "The King's Caprice," by James Hopper, and others.

POLICE RAIDS

Police raided the home of Mrs. William Howard, on Wilson street, Tuesday night at 9 o'clock, and in the house was found a gallon of whisky, case of beer and some wine. Mrs. Howard was in bed when the raid was made and she was ordered to report today. Mrs. Howard is the widow of the saloonist who was killed by Carl Eberington, the dry detective.

Policemen made a raid on the Klondike, South Fourth street, again last night, but their search was fruitless and no figures of any kind were found by the officers, although a thorough search was made.

SOLDIERS' AND PRESS
DAY AT STATE FAIR

Columbus, Sept. 7.—The attendance at the state fair today promises to be the best so far this week. The street cars are being liberally patronized. The car passengers are mostly people from the rural districts who are noting about the merits of the strike. Today is soldiers' day and press day.

Y. M. C. A. NOTES

At a meeting of the trustees of the Y. M. C. A. it was decided to fit up at the earliest day possible the south store room for the business office and reception lobby of the association and to connect the Church street entrance and stairway with the new boys' department rooms on the second floor. This will give a ground floor office and separate quarters for boys and men. It is hoped to have the changes made by October 1.

The physical department made a good report. The attendant figures give some idea. Baths, 1,911; boys' swimming class, 128; grade boys' gymnasium class, 118; other lines of training and exercises, 581. Of the 28 boys who joined the swimming class, 27 learned to swim and one of them, the son of a well known business man, demonstrated his ability by swimming ashore from a spill at Buckeye Lake to the delight of his father, who feels that learning to swim was the means of saving his boy's life.

DID NOT WISH TO
GO TO SCHOOL

Considerable excitement was created among the neighbors in the vicinity of the home of L. N. Wilson, who resides several miles north of the city, on Tuesday by the appearance in their midst of a little girl who was apparently lost. She called at the home of Mr. Wilson and asked for something to eat. When questioned she said that her mother had driven her away from her home in Columbus to look for work and that her fare had been paid to Newark by a young man. Mrs. Wilson notified Probation Officer James Sheridan, who went out to the Wilson home and secured the girl. Mr. Sheridan questioned her and soon ascertained that she was a daughter of Rev. Samuel Ford of Hancock street, in the West End. It appears that the

mother of the girl had started the little one to school Tuesday morning but she concluded that she did not want to go to school and wandered away, finally drifting out in the country, north of the city. Mr. Sheridan returned her to her home.
